Compliance

All products are manufactured in a factory with BRC and HMC accreditation (Kosher on request).

Features and Benefits

Easy to use
Suitable for Vegetarians
No Artificial Colours or Flavours
No Hydrogenated Vegetable Fat

Cooking Instructions

1. Mix 2.58kg Two Step with 11kg Chicken Breeding Base until a homogenous mix is achieved.
2. Place the clean substrate into water to help the breeding adhere properly.
3. Place the substrate into the breeding and as a general rule: 500g of the mixed two step breeding to 5kg substrate.
4. Make sure the substrate is coated carefully and thoroughly. Let the breaded product sit for 10 minutes.
5. Remove any excess breeding before placing the breaded substrate into the pressure fryer.
